### THE BUILDERS

All are architects of Fate,  
Working in these walls of Time;  
Some with massive deeds and great,  
Some with ornaments of rhyme.

Nothing useless is, or low;  
Each thing in its place is best;  
And what seems but idle show  
Strengthens and supports the rest.

For the structure that we raise,  
Time is with materials filled;  
Our to days and yesterdays  
Are the blocks with which we build.

Truly shape and fashion these;  
Leave no yawning gaps between;  
Think not, because no man sees,  
Such things will remain unseen.

In the elder days of Art,  
Builders wrought with greatest care  
Each minute and unseen part;  
For the Gods see everywhere.

Let us do our work as well,  
Both the unseen and the seen;  
Make the house, where Gods may dwell,  
Beautiful, entire, and clean.

Else our lives are incomplete,  
Standing in these walls of Time,  
Broken stairways, where the feet  
Scumble as they seek to climb.

Build to-day, then, strong and sure,  
With a firm and ample base;  
And ascending and secure  
Shall to-morrow find its place.

Thus alone can we attain  
To those turrets, where the eye  
Sees the world as one vast plain,  
And one boundless reach of sky.

'Longfellow'

# DEDICATION

Professor Everett C. Marston plays croquette with a ruthless and cunning passion that appears at odds with his placid nature. He loves long walks, barefooted, on the sands of Duxbury's beach. He relished having NEWS and CAULDRON people down to his Duxbury home for a day at the beach and to wash the dishes. He enjoys a cold beer on a hot summer day. And he cherishes his little black Volkswagon with a pride which surpasses understanding.

But this is the day of the hard-nosed, the socially indifferent, the emotionally-calloused, and a yearbook dedication should never tell anything about the person to whom it is being dedicated; it should be pregnant with pretty phrases, cute epithets, and prepared cliches.

Professor Marston marches to a different drummer, and he would want a dedication in his honor, as retiring advisor to the NEWS and CAULDRON, to follow that path.

He is quietly humorous when the time is ripe; seditiously sarcastic when the time is ripe; and when his heart is touched by a bit of sadness or tragedy concerning one of his charges, the eyes of this man of spiritual hardness fill with unashamed tears. He, more so than most men, takes getting used to; for it is hard to believe in a person of truly genuine feelings; *in a man who, when he asks you how you are, really cares.* He is slow to judge for he realizes that we are not all we seem to be; that we have lived with fear and pity for so long it is hard to experience them any more.

It can truly be said of him that he lives through his heart, loves through his soul and judges through his mind.

## *President's Message*

To the Class of 1960:

Although I have served as President for only one year, I am happy to have become acquainted with several members of the Class of 1960. If these students are any criterion of the quality of the entire class, I have every confidence that as graduates you will uphold Northeastern's proudest traditions of service.

The Class of 1960 is fortunate in many respects. In a period of great scientific and social advances more and greater opportunities — and also greater responsibilities — lie before you than have faced any previous class in the University's history. The breadth of understanding, knowledge, and proven capacity to learn, which you have acquired under Northeastern's special plan of education, will help you to cope effectively with the complex world in which we live today.

The best proof of the broad education you receive, however, is your open and inquiring mind. If you have discovered and developed an ability to think, Northeastern has fulfilled the basic purpose for its existence as well as its pledge to you as freshmen five years ago.

May I extend my best wishes for your future success.

**DR. ASA S. KNOWLES**

*President  
Northeastern University*

# In Memoriam

DR. ELMER H. CUTTS, chairman of the History-Government Department since 1948, died in his Arlington home on Monday morning April 4, 1960. With his passing the University lost much in the way of loyal service and dedication to its growth and development.

A member of the faculty since 1941, Dr. Cutts was made an associate professor of History in 1947, and a full professor in 1948. He spent the academic year 1958-1959 as a Fulbright Scholar in India.

At the time of his death he was involved in a series of radio programs bringing a better understanding both of Northeastern and of India to the public.

He received his AB and MA degrees from the University of Washington and his PhD degree from Harvard. He was the author of numerous scholarly articles and papers dealing with various periods of history.

Dr. Cutts was a member of the American Historical Association, the American Oriental Society, the American Academy of Political and Social Science, the All-India History Congress, and the Conference on British Studies.

He leaves his wife, the former Amelia E. Simaton, and his daughter, Lorna Jean, 13.

DR. R. LAWRENCE CAPON, Auburndale, for many years commencement organist and an associate professor of English at Northeastern, died on September 3, 1959.

A native of Montreal, Canada, Dr. Capon attended the New England Conservatory of Music and did private piano, forte and organ teaching in Boston and Newton since 1926. He received his BS degree in 1933 and his AM and PhD degrees in 1955, all from Boston University.

In 1959, Dr. Capon participated in the WERS-FM series entitled, "Notes on the Development of the English Novel in the 18th and 19th Centuries," and gave talks on Sir Walter Scott and Thomas Hardy.

A member of the finance committee of the Church of the Open Word (Swedenborgian), he also served as a member of the executive committee, State Church Association, and was director of the Corporation, New Church Theological School in Cambridge.

Dr. Capon was a member of the honor fraternities Phi Delta Kappa, Pi Kappa Lambda, and was vice president of Alpha Chapter, Phi Mu Sinfonia Fraternity.

He was a member of the College English Association, the American Association of University Professors, and was an advisor to the Northeastern student Dance Band.

He leaves his wife, Edith Swanton, a son Ross B., and a brother, Gould.

## CLASS HISTORY 1955 - 1960

---

By CRAIG CLEVERLY

The history of the Class of 1960 commenceth thus: "In the beginning (of September 1955) Northeastern created the Class of 1960. And the Administration said, 'Let there be Orientation': and there was Orientation."

There certainly was! It may not have been the lines, the payments, the sales talks, and the registration, but most of us who went through it would fight for its being placed high on the list.

When we finally came whirling away from the lines, the payments, the salestalks, and the registration forms, we were whirled into classes the following Monday. Which didn't help the confusion a bit.

But as the year charged on (since NU's 10 week terms are conducted at a pace approximating jet-propulsion) we gradually got oriented to it all, or thought we did.

As a matter of fact, we were the largest Freshman class in the University's history, with 1760 of us gumming up the local works. But then, it seems as though every successive Freshman class has been billed as "the largest in the history of Northeastern,"

so 1760 must be a mere drop in the present bucket.

Somehow the class managed to make order out of its 1760 member chaos, and elected officers, class board, and all the executive paraphernalia that nobody (except members) seems to know anything about. A Freshman Talent Show was staged by these groups, and the Freshman class celebrated the end of its third term by "Dancing In The (virtual) Dark" at the Continental.

The University participated in a Ford Foundation mass shell-out for teachers' salary raises, receiving \$650,000 for said worthy cause.

One biggish news item was the Masque's doing "South Pacific" as one of the musical's first productions off Broadway—but not too far off, in the creative hands of the Blackmaniacs.

An interesting sidelight occurred late in the year, when Ford Frick, National Commissioner of Baseball, participated in unveiling ceremonies of a plaque commemorating the first World Series long-merry ago at the site of Northeastern.

And so we eventually became Sophomores, with a term of co-op between us and Freshmanhood—which enabled us to look down our worldly-wise noses at the Freshman fresh from Orientation. But some of the gloating and joy at finally being Sophomores was dampened by a \$75 increase in upperclass tuition that year. Even at that, though, engineers' tuition was only (only??) \$260— which was to seem like "the good old days" by the time we were Seniors.

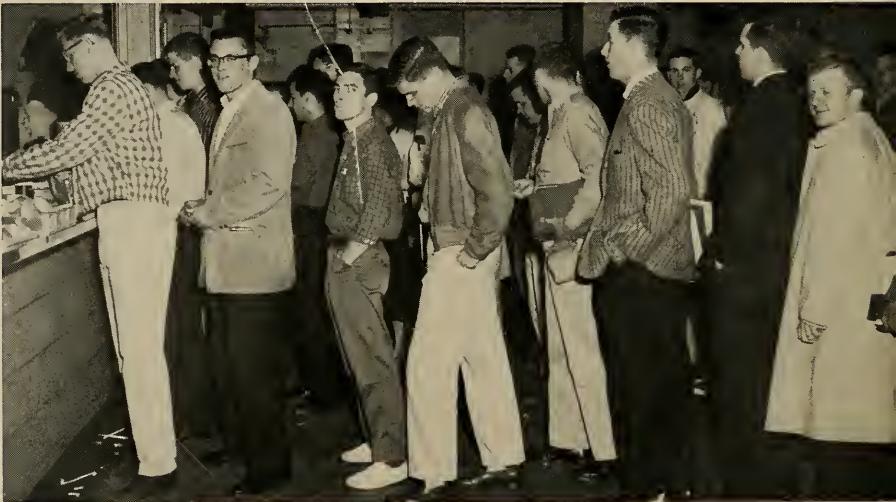

"That's where my money goes . . ." And one of the places was into the construction of the Classroom-Laboratory Building, which was at first designated "A Building" (for \$1,800,000 I should hope they got a building out of the deal). But soon it was dubbed "Hayden Hall," thus enabling professors to tell their classes with utmost academic impunity to "Go to H."

That year—and our Senior year too—were the big years for building-naming, with the gym becoming the Godfrey Lowell Cabot Physical Education Center (when they name a building they certainly do go all out).

And speaking of the gym, the NEWS reported on March 1, 1957, that NU had bought the apartment block just west of the GLCPEC—the gym—for demolition and replacement by a swimming pool. By our Senior year the demolition certainly had taken place, but nary a sign of swimming facilities was to be seen.

The Sophomore-Midyear Dance at the end of Division A's January-April term was apparently used to bring "a sleep and a forgetting" to as many refugees of finals as possible. It was called "Rainbow Rhapsody" (yet another ethereal confection dreamed up by Dance-Namers Anonymous).

Pay —

— Wait

— and pay again.

The morning  
march

After the Sophomore year we entered the Great Void of Northeastern education—we became Middlers. In a five-year curriculum something's got to give, so at NU it's the third year. You must have had several discussions like this: "What year are you in at college?" "My third year." "Oh, then you're a Junior." "No, I'm a Middler." "I didn't quite catch that—a what?" "A Middler. You see, at Northeastern . . ." And so on. Anyone who has been through that knows for sure that just being a Middler is the losingest of battles.

Nevertheless, some important things happened while we were in the limbo of Middlership. Dean Melvin retired from being Dean of Students to devote his time

to teaching (twelve hours a week of classes seems to be his idea of retirement).

Dean MacDonald replaced Dean Melvin, Prof. Kennedy replaced Dean MacDonald, Prof. Ryder was made Dean of Administration, and Prof. Vernon was appointed Dean of the Graduate School. It was, in short, a peak year for dean-production.

In a pretty cool maneuver on somebody's part, the sophomore-Middler Prom was billed this year as the "Middler-Sophomore Prom," in deference to our advanced status (or maybe someone decided we had a hard enough time just being Middlers without being last, too). This one was dubbed "C'est Magnifique" by its optimistic planners.

Going

And so, moving on to the Junior year with a sigh very much resembling one of relief, we became genuine upper-classmen.

This was the big year for announcements of departure.

Leading the list was Dr. Ell, who was about to retire, having celebrated his seventieth birthday the previous year.

Dean Herrick announced her departure too, returning to her native Jackson.

Joining the mass egress was Col. Harris, to be replaced by Col. Davis.

Also leaving the scene was the Boston Opera House, which had been torn down the previous summer. Replacement plans were yet to be made when we flew the Quadrangle in 1960 (we were beginning to think it was to be a Faculty Parking Lot from that time forth and forever more).

This year the class sponsored a Junior Dinner-Dance, and in a weak moment the Powers That Be decided to call it the "Junior Dinner-Dance." Imagine!

The Masque did a lovely, lovely "Carousel" this year, having presented a most happy "Oklahoma" the previous year. It's unfortunate that they were so fast running out of the cream of R&H's crop, but it's good they did so while we were around. ("The King and I" is apparently impossible. To finance it they'd have to mortgage Richards Hall, and to give the King a haircut they'd have to fight a militant Co-op Department.)

Going

Gone

There was even a line to give money to the Husky Statue Fund.

Russian educators visited NU to learn the co-op system.

So then we became Seniors, and were finally at the top of the heap (there was of course the premonition that we'd soon be pushed off, but . . .).

The year was started with much pomp and circumstance by the inauguration of Dr. Knowles. Then too there was the opening of the Graduate Center, and its decidedly welcome cafeteria.

There was an all-out drive for school spirit, with an NU flag design chosen and a new "Alma Mater" composed. Also, the Student Council began a campaign for a Husky Statue, selling pins for the Cause. 'Twas rather vague what on earth was to be done with the statue once they got it, but crossing that bridge was still pretty hypothetical anyway.

Continuing its purchasing program, the University acquired the Boston Storage Warehouse, beside the had-been Opera House. As of graduation time it stood firm — very firm — and was still apparently engaged in housing whatever wares a warehouse houses.

In the winter Joshua Logan dropped by to give the Masque some tips on presenting "Fanny," which they staged as the year's musical. The Masque was rather more successful with "Fanny" than Logan was with the play he was trying out in Boston at the time. "Fanny" closed after two nights (as planned) — and Logan's show in New York came close to doing so. (unplanned).

The International Relations Club and the Student Union worked up a highly successful model United Nations. That is, it was successful when it finally took place, the weekend before being snowed out. Because of said snowstorms (which cancelled Friday classes too, miracle of miracles) the scheduled appearance of Eleanor Roosevelt didn't occur.

Dean Dissell took over as Dean of Women, migrating here from Dean Herrick's Jackson.

And the Student Union gave Dean Melvin a cake to celebrate his 40th year at Northeastern.

Military Ball, and her court.

Huckleberry Husky, the winner, leads the other candidates in a hoop twirling contest.

Four contestants vied in mock olympic games for the honor of becoming the first Mr. Husky. On the agenda were contests involving hoop twirling, orange nose-pushing, balloon-popping, and text book throwing. Winner of the affair was Huckleberry Husky, assisted by one Yogi Bear and friends.

Despite obstreperous weather and the threat of exams, the second Winter Carnival was a success, with Carolyn Williams being elected Queen of the Winter Sports Festival, 400 people attending the Snow Ball, and Art Chisholm being awarded the most valuable player of the Christmas Hockey Tournament.

Although this item will finish off the history pretty

be recorded that at the end of the year Professor Marston  
announced his retirement as Adviser to the NEWS and

a pair of singularly unfillable shoes was to be found in the  
NEWS adviser's office.

# EPITAPH

## FOR

### Craig Cleverley

They told me in the morning, while the sun  
Was rolling through the mountains of the east,  
While flimsy clouds and wind and sky as one  
Hung, pendantly, to honor the deceased.

They told me, and the brightness of the day,  
Contrasting with the darkness of the deed,  
Seemed out of kilter with the even way  
He'd worked and loved amongst us, as a seed  
So destined to grow tall and strong and straight  
Into the sunlight of accomplishment.

He was the Hamlet of our day and time  
Who often thought too deeply and too much  
Upon the imperfections of mankind  
But could not reconcile himself to such.

He never knew there was no need to run:  
Man's soul can cast its shadow on the sun!

It all began about 16 or 17 months ago when four seniors and two juniors decided to defy North-eastern tradition by not only putting out the biggest and best CAULDRON, but also to finish it by September.

As happens at times, "the best laid plans of mice and men go astray." Such was the fate of this carefully conceived idea.

Some amount of face was saved as the man's part of this year book fulfilled its destiny by being the biggest and best ever. On the other hand, the mice fell down under their staggering load of classes, jobs, social affairs and-alas-deadlines.

With the advent of Fall registration the CAULDRON began to boil. Data sheets were passed out and picked up, picture schedules were set up, myriads of telephone calls to the printer and lots of typing was done as the data sheets began to trickle in.

As with most organizations some members drop out and others take their place. One of these newcomers, Jim Powers, put in so much effort that he was elevated to the position of Co-ordinating Editor.

Along with Jim, the Editorial board consisted of Foster Chandler, Managing Editor; Andy Parziale, Activities; Pete Cobleigh, Sports Editor; Frank Padalaro, Business Manager; Bryant Rollins, Poetry and ROTC; Walt Perry, Art work and cover, Larry Blumsack, Senior Week pictures; Craig Cleverly, Historian and Don Netto, Photo Editor.

Others who were not on the Editorial Board, but without whose help this annual would not have come out are: Bob Nunes, Dorothy Wilson, Alan Levant, Athena Critikos, Roy Trulson, Don MacAulay, Pete Dwyer, Ken Gilbert and of course Professor Marston.

## Cauldron

# *Editors at Work*

The "Broadway Beat"

Big man.

Where do you think the money for the CAULDRON comes from?

"Is it morning yet?"

As usual the "hard working" CAULDROUN staff decided to have the annual finished by the first deadline. Also as usual the "hard working" staff decided to move the deadline ahead.

However as graduation rolled around we were determined to have the year book out sometime in the fall term.

Of course we ran into the usual obstacles such as 280 Huntington Avenue and late data sheets, but we feel that we have turned out a product the Class of 1960 can be proud to call its own.

Besides being the largest CAULDROUN ever, this year's edition can boast of being the first with a four color cover.

Other firsts included a bicycle exhibition in the quadrangle by a certain CAULDROUN editor as he was chased by the bike's irate owner of female gender.

Contrary to reports that weird noises were heard coming from the Cauldron office late spring and summer nights, these sounds were merely the "pleasant" harmony of tired voices singing in a most conservative fashion to keep each other awake.

"Should I Plagiarize?"

# News

The retiring staff of the Northeastern NEWS, affectionately referred to by Business Administration students as "Hate mongers" and rabble rousers," successfully published twenty-nine regular issues of large, interesting and often multi-colored newspapers.

With Charlie Fuller and Bryant Rollins at the helm, the NEWS was awarded the "First Class" rating in the Associated Collegiate Press' National competitions.

The NEWS achieved new heights in the field of editorial effectiveness this year. A controversial Division B editorial on "Cheating" drew the wrath of the College of Business Administration and resulted in the NEWS being hung in effigy from a tree in the quadrangle. Not to be outdone by Division B, one of Division A's editorials resulted in the changing of an "immoral" MTA sign, while another resulted in an acrid reply from the MIT TECH. A third, by Bryant Rollins on the sentiments of a negro in a leadership position, was reprinted by the University of Massachusetts COLLEGIAN and two large negro newspapers.

Other journalistic lamposts were lighted by Charlie Fuller's exciting "Inauguration of President Knowles" insert, Foster Chandler's handling of the two color process and Division A's offset insert is-

sue; Pete Cobleigh's delightful sports columns, Bob Pitts' music review columns, Harold Bond and Craig Cleverly's "All Hail" columns, Shelly Stick's editorials and Marie Clark's "Reviews and Previews."

NEWS Achievement awards were presented to Shelly Stick, Charlie Fuller, Foster Chandler and Bryant Rollins at the annual NEWS Banquet, while Dotty Wilson was presented with the NEWS Senior Award, for the senior who had contributed most to the NEWS, but had not held an editorial position.

Once again the NEWS presented its Eugene Awards to five outstanding members of the Silver Masque and awarded the Most Improved Player and Athlete of the year awards at the annual Sports Banquet.

Professor Everett C. Marston, our advisor, returned from Germany and announced his retirement as NEWS advisor effective July, 1960 — much to the dismay of the NEWS staff.

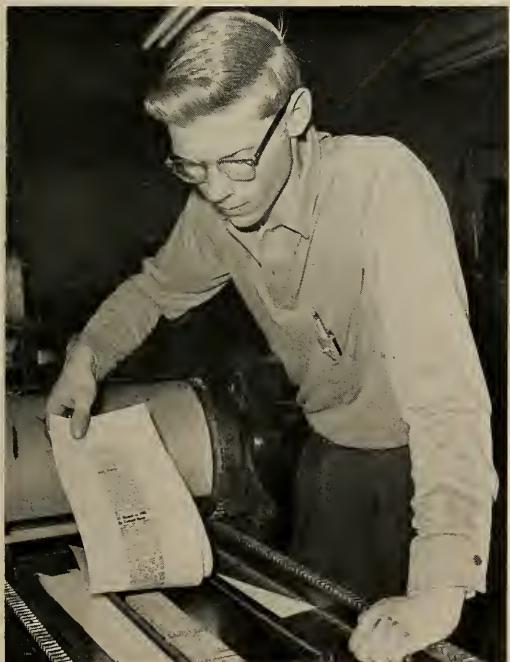

When it was announced that Captain Charles Skinner, who had acted as ROTC Public Information Officer to the NEWS for the past two years would be re-assigned to Formosa, he was made an Honorary Editor of the NEWS at a special meeting and presented with a NEWS Editors' Key.

Row I, Left to Right: F. Chandler, S. Stick, B. Rollins, E. C. Marston, C. Fuller. Row II, Left to Right: Alan Levant, Harold Bond, Alberta Roman, Marie Clark, Sue Gregory, Dorothy Wilson, Bob Nunes. Row III, Left to Right: C. Cleverly, Bob Pitts, Andy Parziale, David W. Smith, Bernard Bloom, Saul Beaumont, Steve Green

"Won't they ever learn how to spell?"

"Testing—one—two—three—"

While the common adage "no news is good news" may be the unscrupulous motto for other journalistic circles, no such thought enters the minds of Northeastern NEWS members. As a matter of fact, NEWS editors go to all sorts of extremes just to create news. Like writing editorials on cheating. Or condemning the Greenleaf Building.

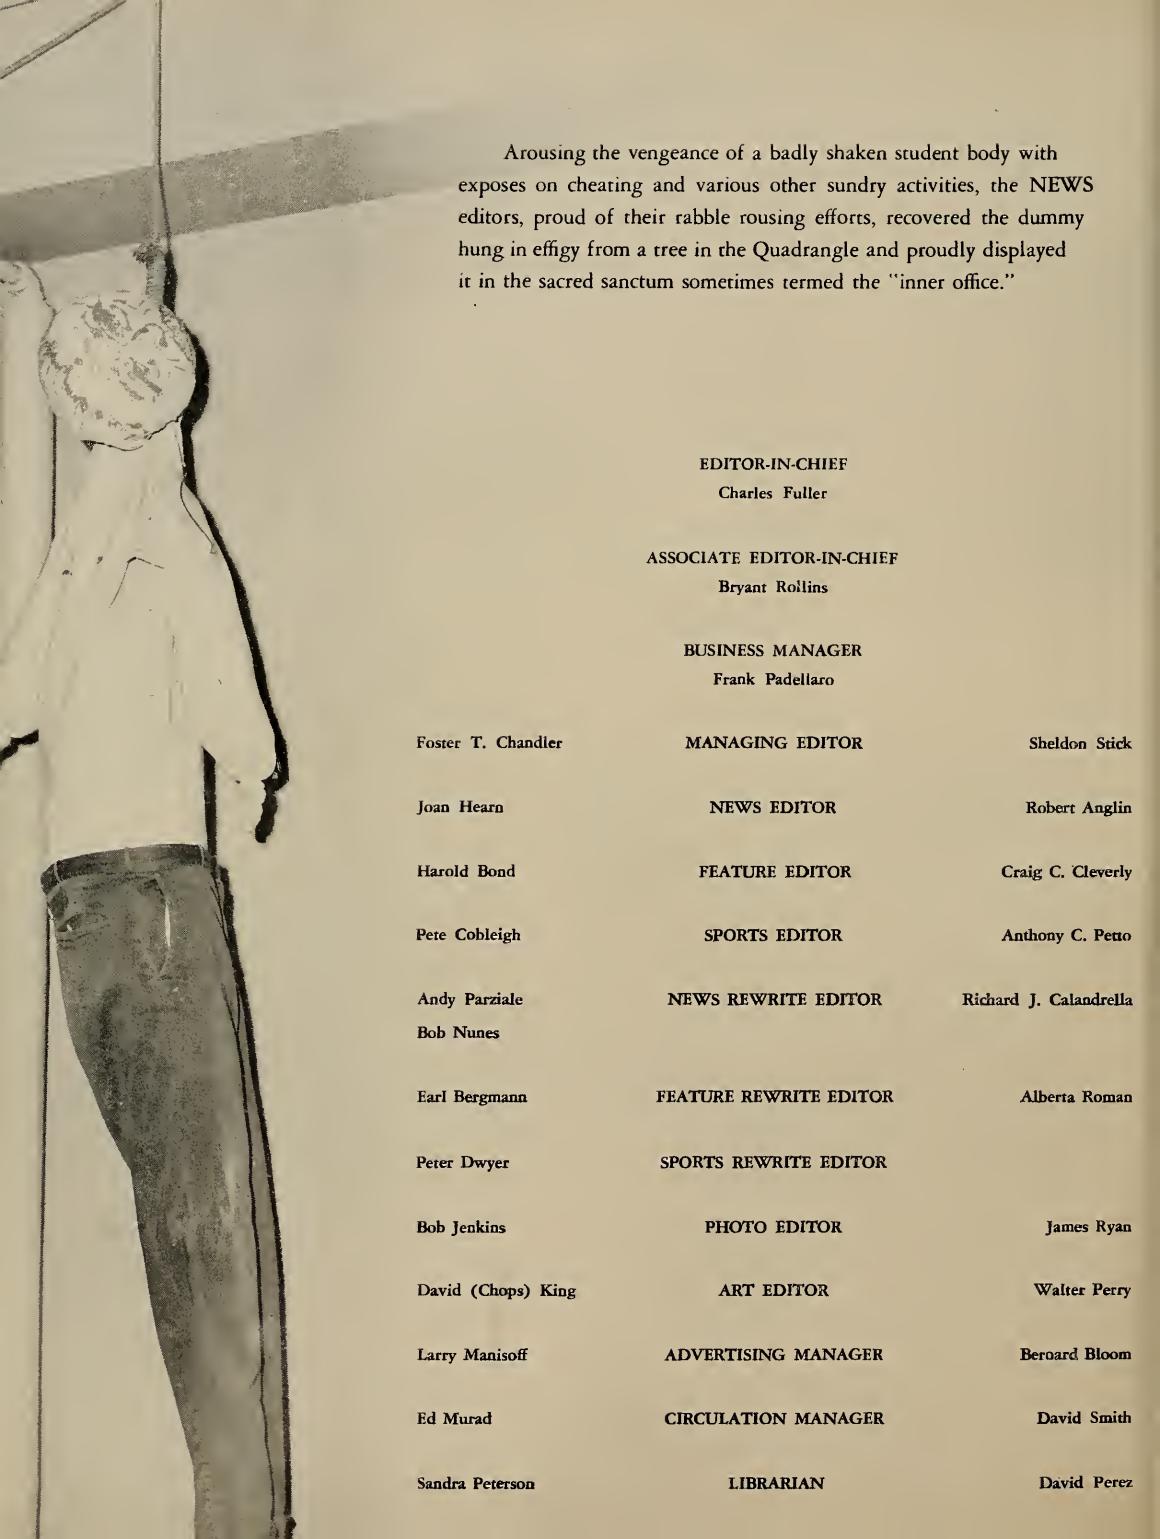

• • •

It was not all work and no play. For relaxation one could always throw a few chairs around. Many a professor walked away from the NEWS office shaking his head and mumbling under his breath after watching NEWS staffers participate in their second favorite indoor sport of playing baseball with the proof mats.

The year which produced bigger issues and more color than ever before was climaxed by the annual NEWS Banquet which many considered rather stimulating. After the banquet a party was held at the apartment of a certain Editor-in-Chief, which many considered even more stimulating.

"Much Ado About Nothing"

Arousing the vengeance of a badly shaken student body with exposés on cheating and various other sundry activities, the NEWS editors, proud of their rabble rousing efforts, recovered the dummy hung in effigy from a tree in the Quadrangle and proudly displayed it in the sacred sanctum sometimes termed the "inner office."

In 1916, according to the record, a little four-page, three-column publication called *The Co-op* was launched at Northeastern, "through the efforts of Mr. Ell," said the first number. In later years it became *The Tech*, fused with the B.A. *Bulletin*, and became the *News*.

Through the years there always has been a small hard core of bright, conscientious, articulate, aggressive, fanatical students willing and able to produce a newspaper, to maintain and intensify standards, to lose sleep and cut classes, and to brace themselves weekly for the barrage of comment from people who had not cut classes and lost sleep in order to produce a newspaper. For more years than a few I have known those fanatical editors and staffers, and both they and the years have been harrowing and wonderful.

Continuing in the tradition set two years ago when the *NU Writer* was launched, this year's editors—Bryant Rollins and Harold Bond—weathered wind and storm, held dear to their hearts their visions of literary sugar plums, and put out the 1960 issue of the magazine.

Somehow the editors managed to remain mentally intact, though some will dispute the point, in the frantic rush to meet their deadline. A few weary minds did temporarily crack under the strain, however, but were summarily patched up after a soothing perusal of Shakespeare.

Although the *NU Writer* did not quite reach the level of the *Atlantic Monthly* (but don't tell the editors that ????????)

The contents of the magazine included six short stories, a play in blank verse, and ten other poetry pieces.

Art work by Walter Perry, Robert Jordan and David King depicted interpretations of the stories and poems. In the non-literary area, Phil Ryan and Bob Kershaw were business managers; Foster T. Chandler Jr., Charles Ryan and Edwina Nary were editorial assistants; and Linda Evans, Steve Green and Andy Parziale were technical workers. Mr. William T. Burke was advisor.

Looking forward to next year, the editors are hoping, with student support and response, to improve the content and format of the magazine, and are envisioning the day when the *NU Writer* will become a semi-annual.

In every one of its four productions of the year, Silver Masque accepted the challenge that top Broadway comedy and drama had to offer.

The cool fall was transformed into a warm Okinawin summer with John Patrick's delightful comedy "Teahouse of the August Moon." Senior Joe Curran made his debut in the Masque as the blustering Colonel Purdy. In undergraduate days Joe was bouncing a basketball down Northeastern's court during Silver Masque rehearsals. Alex Kondracki won the Eugene Award for the best supporting actor in his portrayal in "The View from the Bridge."

The climax of the evening came when the curtains opened on the enchanting and oriental teahouse designed by the Masque's own Larry Blumsack. The set was built so that the villagers could dismantle and assemble it in a matter of minutes.

Division B went on to present one of the theaters most sensitive and controversial dramas; Robert Anderson's "Tea and Sympathy."

The audience's remarks centered around both the excellent sets and the acting.

Tom McKee won the Eugene Award for the Best Actor in his sensitive portrayal of Tom Lee, the shy inhibited student. However, the true lead of the play is Laura. Marsha Gatonska rightfully earned the Eugene Award for the Best Actress in her portrayal of this challenging part.

The last and usually favorite of all Masque's production is the annual musical. Joshua Logan's warm and colorful drama musical "Fanny" was this year's choice.

The warm music combined with the delightful French humor to form a show full of color and zest. "Fanny" also unlike most musicals set the stage for some dramatic acting.

Marsha Gatonska played a sweet Fanny in contrast to her bold hussy of a Mother. The part of Honorene, Fanny's mother, earned Linda Evans 63LA the Eugene Award for Best Supporting Actress of the Year.

# SPORTS

"Sweet recreation, barred, what doth ensue but moody and dull melancholy . . ." wrote Shakespeare and most universities find this to be true, Northeastern not excepted.

Many universities turn to athletic activities. Today, Northeastern boasts of over 300 athletes, not including such subsidiary groups as cheerleaders, girls sports, physical education courses, inter-mural and fraternity sports. The 1938 freshman class itself contained only 320 members. But in 1932, 125 freshmen, one third of the class, turned out for football practice.

The sports beginnings were simple. For instance, the Engineers' paper, the TECH (the NEWS was born later in February of 1926), stated: "A number of men, including several from each class, have been training regularly in the Fenway for the last three weeks . . . several men will probably be picked out to represent the school in the New England Inter-Collegiate Cross-country Run." Although the Huskies lost their first meet to Tufts and Boston University, a triangular meet, in 1925 the same year the band made its debut, its history since, especially under Coach Gerry Tatton, has been extremely successful.

---

## FROM THE BEGINNING

---

In his undergraduate days, Tatton paced the track team, the school's second oldest team, dating from 1918, by setting a new school record in the low hurdles event with a time of 16 and one fifth seconds.

Boxing, swimming, wrestling, soccer and the Sophomore-Freshman Rush, which drew large crowds in the Fenway, augmented spring and fall baseball and track "in the old days."

Soccer yielded to the more popular sport of football. Just ask Professor George Merserve, History and Art Department head about the inter-class competition in football under the lights at what is now the Carter Street Playground, across the railroad tracks and you'll enjoy for hours his reminiscences of the enthusiasm shown during that period.

It was once concluded that Northeastern and football would never mix and was even turned down for consideration by a school council. But persistent efforts brought the first football coach Al McCoy in 1932 and an assistant, Gerry Tatton. In this same year, Asa S. Knowles, was named the Banking Club Advisor.

In the first Northeastern football game, the freshmen defeated Nichols College 6 to 0 before 1800 fans on October 14, 1932. The following year, the Huskies dropped its first varsity game, 19 to 6, to St. Anselm's at Huntington Field but bounced back a week later to gain its first varsity victory, 6 to 0, over St. Michael's.

In the 1929 edition of the NEWS: "Just one week ago today, Prof. Edward S. Parsons, Athletic Director of Northeastern along with Coach Nelson Raymond Jr. met with George V. Brown, manager of Boston Arena, and they arranged the schedule of the inter-class series and the practice hours for the Huskies' first varsity hockey team."

The Huskies lost its first varsity hockey game, 2 to 0, in a double-overtime to Brown

University at Providence, R.I., on January 9, 1930. The team also lost its home-opener, 2 to 1, to MIT.

The Godfrey Lowell Cabot Physical Education Center was built on the site of the old Huntington Avenue Baseball Grounds where the first World Series game was played in 1903. The Boston Americans defeated the Pittsburgh Nationals with Boston's Bill Dineen striking out the famous Honus Wagner in the seventh game.

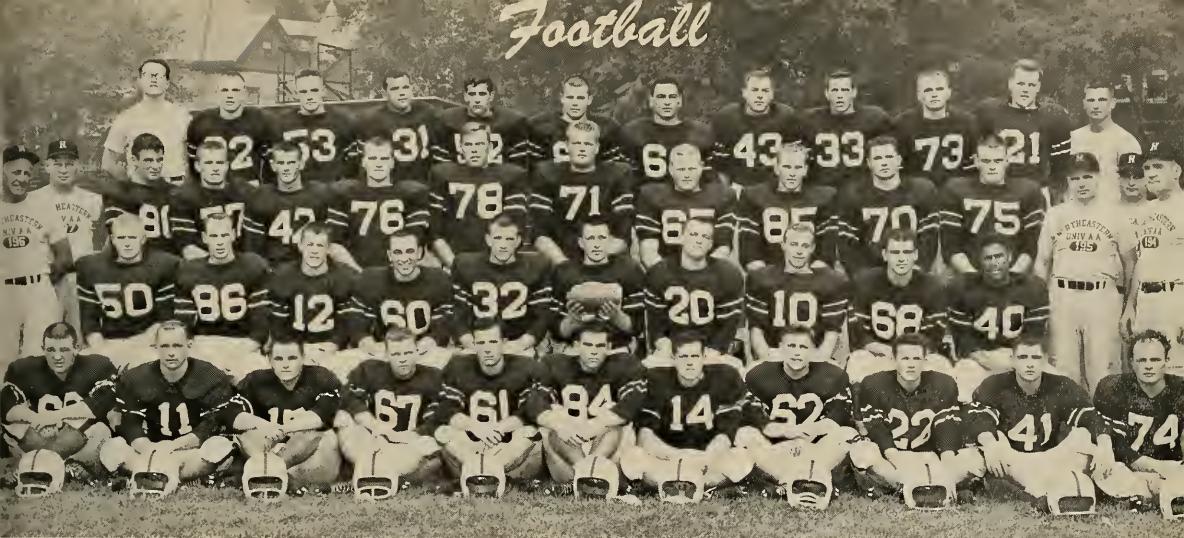

Possibly the largest of all Northeastern sports crowds attended the inaugural basketball game in the center. In 1915, Dr. Carl S. Ell, now University Chancellor, coached the first basketball squad, the oldest NU team. Baseball was played initially in 1920 on the old Huntington Ave. Grounds.

The institution of the dog as the Husky mascot came about in 1927 when King Husky I, a pedigree Siberian Eskimo dog who died on raw meat and onions, was brought here along with its internationally-famous breeder, Sepala, and several Eskimos. The mascot or lack of the mascot has been the cause of numerous controversies since.

Although the school continued to use the YMCA facilities for some time after its move to the present site, the swimming team eventually died out along with the wrestling and boxing squads. But in our second year at NU (class of 60) there was an article in the NEWS which quoted Dr. Ell, after the purchase of several apartment buildings: "makes it possible for Northeastern to build, in due course, a swimming pool to accommodate the needs of our students."

One 60-year-old spectator at a traditional Sophomore-Freshman Rush said: "It will not be surprising if one of them breaks his neck. No sensible school would allow it." And Northeastern finally didn't allow it . . . but it sure must have been fun!

A crowd of 4350 saw Northeastern's home opener spoiled as Rhode Island led by John Rollins beat the Huskies, 8 to 6, in a hard fought and closely contested game.

Rhode Island's amazing Ram, John Rollins, accounted for all eight points and compiled half of his team's rushing yardage. With Rollins carrying most of the time, the Rams scored the first time they got their hands on the ball. The most important play of the game turned out to be quarterback Roger Pearson's two point toss to Rollins, which was the Rams margin of victory.

The Huskies came back to score in a series of plays that covered 90 yards. The drive was climaxed by a 30 yard pass from Tom Flaherty to halfback Brian McKenna for the Huskies lone score. On the try for extra points, Jim Hennessey rolled to his right to pass but, finding no receiver open, tried to run for the end zone and was tackled short of the goal.

Northeastern traveled to the University of New Hampshire and found that there was some leakage in their pass defense as the Wildcats scored three touchdowns on passes to defeat the Huskies, 33 to 14.

The lead changed four times going into the fourth quarter before the Wildcats ripped off three touchdowns to put the game on ice. Northeastern hit paydirt first as fleet Ferdie Beckette sprinted 19 yards around end to climax a 37 yard drive set up by Phil McCabe's fumble recovery.

New Hampshire, led by their quarterback, Sam Paul, and halfback, Dick Mezquita, came right back to score and then go ahead as they kicked the extra point.

After intermission the Huskies rallied when Brian McKenna pushed over for the last

Northeastern touchdown of the afternoon, and then rushed for the two extra points.

The Husky lead lasted only four plays as Paul fired a 65 yard pass to Mezquita for a touchdown. The Wildcats then put the pressure on the Huskies and scored three more touchdowns to rub salt into the Husky wounds. The only bright light in the Husky attack was Brian McKenna who tallied eight of the team's 14 points.

The Huskies lost their third game in a row when Springfield drubbed the Z-men 36 to 8.

It had the appearances of being a close game going into the third quarter as the score was 7-2 in favor of the Redmen. As the period rolled along the Northeastern fans sat dumbfounded as Springfield pushed over three quick touchdowns.

**BACKFIELD POISED**—beneath the legs of center Hugh Johnson are L. to R.: Tom Flaherty, John Allen, Ferdie Beckette and Jim Hennessey.

Tackle Manny Porter had blocked a Springfield punt that rolled out of the end zone but it wasn't until the fourth quarter that the Husky fans had another chance to yell, as Oscar DiNino intercepted a Springfield pass and raced 65 yards up the sidelines for the score.

The Huskies lost their fourth in a row as they were nipped by the Aces of American International College, 24 to 18, in a game that wasn't decided until the final play of the game. With fifteen seconds to play the Huskies found themselves on the Aces 15 yard line, but a desperation pass was intercepted in the end zone and ended the Husky hopes for a victory.

Tom Flaherty hit Dick Hershind with a pretty pass for the first Northeastern score. Jim Hennessey then replaced Flaherty and when the Huskies got their hands on the ball Jim pitched a pass to Pete Hemingway in the end zone for the second Northeastern score.

The Aces came back to score their fourth and most important touchdown on a 36 yard pass play.

The Huskies came right back to score again, sparked by Jim Hennessey's 45 yard run. John Allen culminated the drive by running the last ten yards around left end for the TD.

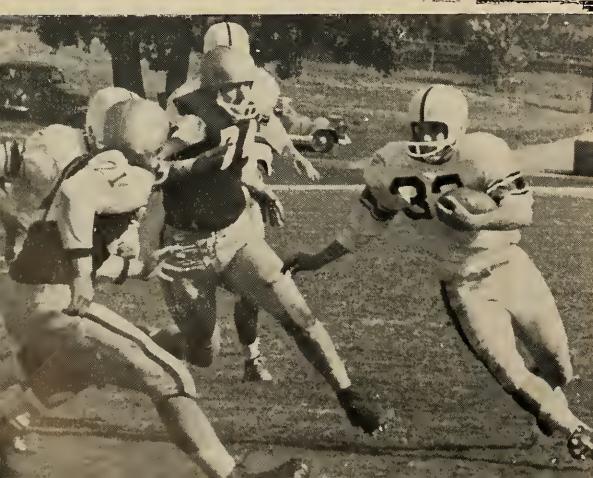

Although the score was one sided, 41 to 8, the statistics prove the game between Northeastern and West Chester State Teachers College, Pa., was a hard fought contest. The game might have had a different story if Northeastern had scored the first time they had their hands on the ball, but they were stopped short of a first down on the eight yard line.

Bill Shockley showed why he was rated a top "pro" prospect as he displayed dazzling speed and agility, and scored four TD's.

The Huskies lone score was set up by a Hennessey to Allen toss for 20 yards to the Teachers 40 yard line, where Ferdie Beckette displayed some of his own speed and agility as he ran through and around most of the West Chester Rams for the score.

deep around the entire field saw the Huskies score more points than any other team against the Teachers, including Villanova.

In a sea of mud, which was ankle deep, two touchdown-underdog Northeastern battled the University of Massachusetts to a scoreless tie.

Both teams had good chances to score, but were unable to get the key play to click on the sloppy field. The Huskies had the best chance of the day when they had a first and goal to go on the Mass. three, but a holding penalty and unsure footing cost Northeastern the chance to score.

Northeastern finally broke into the win column as they dropped Bridgeport, 21 to 6, also on a muddy field.

The Huskies, led by Ron Gaudet, Jack Pignato, Manny Porter, Phil McCabe and Hugh Johnson in the line and Jim Hennessey, John McGonagle, Ferdie Beckette and Ed Brady in the backfield, would not be denied this victory.

Jim Hennessey, who intercepted two passes and broke up numerous others, ran 66 yards for the first Northeastern score. John Mc-

Gonagle kicked the extra point and the Huskies were ahead to stay.

Ferdie Beckette scored the second Northeastern TD as he scampered eight yards through the middle for the tally. A poor punt, which gave Northeastern the ball on the Knight's 35, set up the third Husky touchdown. With Tom Flaherty at the helm, the Huskies, with runs by Oscar DiNino and John Allen, moved the ball to the nine yard line, where Flaherty tossed a short pass to Ed Brady who dived into the end zone for the score.

Both the University of Connecticut and the rain ruined homecoming for the Huskies as they lost the final game of the season, 30 to 2. Kent Field was a mass of puddles and mud and the Huskies just couldn't seem to get going.

Northeastern was handed its only points in the game when a UConn center sailed over the head of its punter and slithered out of the end zone.

Oscar DiNino, who got off some fine punts despite the inundation, and Tom Flaherty, who slipped through the UConn line like an eel, were the standouts for the Huskies.

#### HUSKY NOTES

Oscar DiNino received the NEWS Most Improved Player award . . . the Huskies were hampered throughout the season by injuries which ranged from cracked ribs to torn knee ligaments . . . next year the Huskies will lose the services of their two fine quarterbacks Jim Hennessey and Tom Flaherty, and backfield men John Allen and Ferdie Beckette.

#### DURING OUR YEARS

In 1955 Fullback Phil Bucalo, tackle Gene Renzi and center Bobo Lyons lead the Huskies to a 4-1-1 record while their former team-mate "century" Sid Watson was playing for the Pittsburgh Steelers. Bucalo was named to the All-Catholic team while all three players received honorable mention on the Little All-American squad.

Lyons was voted to the Boston GLOBE'S All-New England team in 1956. Diminutive Mike Alteri and Bob Lanzetta and Capt. Don

Johanson and John Erickson were standouts in a mediocre 3-5 season.

Massachusetts cancelled their game because of Asiatic flu and Brandeis dropped their unique "second game" with NU, because of an injury to a Brandeis player in the first game in 1957. Tom Clarke was the leading ground gainer and scorer for the second straight year and Lyons repeated on the GLOBE'S all-star team. The record stood a dismal 1-6.

1958 was a "cinderella year" with Hennessey and Flaherty pacing the team to a 6-2 season. Coch Zabilski had a 42-40-5 record at the completion of the season while Northeastern's over-all mark is 75-80-13.

### THE TWO FIELD GENERALS

They were known as the two field generals. Jim Hennessey (right) and Tom Flaherty (left) were the left and right handed throwing quarterbacks respectively who paced the Husky offense for the past few seasons.

Whether they were watching the precision of Hennessey's passing and option play running, or Flaherty's wizardly concealment of the ball and sweeping end runs, the crowd greeted the pair with wild enthusiasm.

Flaherty, a five-foot-nine, 170-pounder from Newburyport, and somewhat of an extrovert, was a veritable "Merlin the Magician" at the quarterback spot. In a pre-season scrimmage with Bates one year, Flaherty not only fooled the opponents but also the officials who decided, since they could not see the ball, to call the play dead and find it.

But Tom also had the poise and versatility necessary for a star. In his freshman year he suffered a cracked cheekbone, but bounced back to lead the varsity as well as being named the captain of the baseball team, of which he was a "crackerjack" third baseman and a real "hollar guy."

Hennessey was just the reverse. Jim was a quiet and modest six-foot one, 170-pounder from Brookline. His strong point was his passing, and it was pinpoint. When Coach Zabilski looked over the team and his glance fell on Hennessey, it always read, "Mr. Dependable." Hard luck and injuries did not deter Hennessey from being the star which he was.

A young and inexperienced Northeastern cross country team dropped its first two meets of the 1959 season before rebounding to take the next four in a row, for a favorable, 4-2, record.

Coach Jerry Tatton started the season with only one senior, captain Murray Watt, among the top seven harriers.

On a hot September Saturday, the University of New Hampshire's Doug MacGregor, Yankee Conference Cross-Country Champion, covered the Franklin Park 4.2 mile course in a fast 20:22 minutes, while leading the Wildcats to a, 38-20, win over the Huskies.

One bright star emerged for Northeastern, however, as the first of coach Tatton's untested sophomores, Chico Parillo, came through with a sparkling performance in finishing second. Paul Woodland, second man on the 1956 Husky freshmen New England championship squad, who had just returned to school after a year's absence, showed some of his old form in placing sixth.

However, Parillo and Ron Dean, sixth Northeastern finisher, collapsed after crossing the finish line in the 90 degree temperature and were forced to sit out the next two meets.

The following week the Huskies journeyed to Amherst, to meet Massachusetts and Maine in a triangular contest.

The hilly Mass. course proved too much for

Northeastern and Maine, eventual New England champs, to handle and the Redmen emerged victorious with 58 points to 36 for Maine and 28 for the Huskies. Sophomore Dave Kneeland came home in seventh place to lead all Northeastern runners.

Returning to Franklin Park October 10, the harriers proceeded to cop their initial victory of the season, a smashing, 36 to 19, triumph over Rhode Island.

Joe Abelon became the first Northeastern harrier to win a race this season, as the Huskies placed five men among the first seven finishers. Abelon outsprinted Dave Kneeland for the win with Woodland grabbing fourth, Dick Bentley fifth and Watt seventh.

The Tattonmen evened their record at two and two by completely outclassing Worcester Tech, placing nine men in the first 10 positions, for a 46 to 17 rout at Worcester.

Kneeland, Woodland and Abelon staged their own private battle throughout the entire race before finishing in that order. After Tech's Bill Pentages finished fourth, a swarm of red-shirted Huskies crossed the line. Watt, Bentley, Roger "Red" Hancock, Parillo and Joe Bolton completed the NU sweep.

A constant downpour made conditions deplorable as the Huskies, 54, defeated MIT, 51, and the Coast Guard Academy, 25, in a triangular meet at New London, Ct., a week later.

Nearly everyone had a spill as the footing was bad, and Kneeland, a high finisher fell three times on the slippery course. The weather didn't stop Dick Bentley, however, as the slender Quincy ace splashed his way along to place second, and became the fourth different Husky runner to be a top man this season.

Bentley and Abelon, running together the last mile, crossed the finish line in a virtual dead heat for the runnerup spot, but judges awarded the decision to Bentley as the Huskies copped their third straight victory, scoring 25 points to MIT's 51, and Coast Guard's 54.

The Huskies wound up the regular season with a lop-sided, 71 to 19 and 38, victory over MIT and Tufts at Franklin Park.

Chico Parillo sprinted home first to pace the Huskies to their fourth straight.

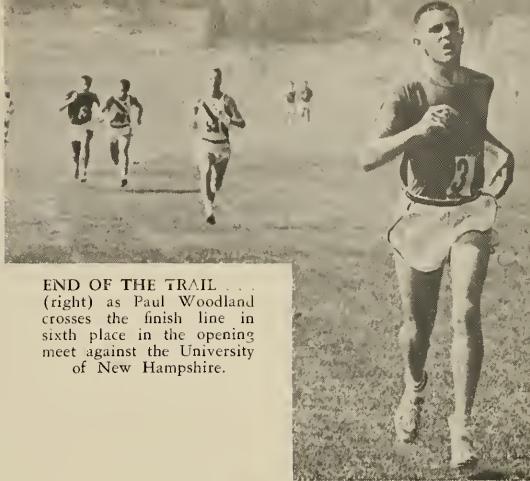

The 47th annual N.E.I.C.A.A.A. Cross-Country Championships at Franklin Park saw Maine run off with the top honors as the Huskies placed seventh in a field of 18.

Joe Abelon was unanimously elected to captain the 1960 squad at the Fall Sports banquet. Both Abelon and Coach Tatton looked optimistically at the future, pointing to the return of veterans Abelon, Parillo, Woodland, Kneeland, Bentley, Dean, Bolton plus the addition of a few good freshmen.

#### CROSS COUNTRY OVER THE YEARS

When the class of 60 entered Northeastern back in the fall of 1955, the cross country team had just discovered a new sensation in sophomore Clarence Hilton. Hilton shocked the experts by winning Northeastern's first three meets, sparking the team to a 6-2 record and creating much optimism for the following year.

The 1956 season arrived and Captain Bill Spencer's squad lost only one meet, the opener to New Hampshire, but most of the thunder was stolen by the freshmen team. Here, Coach Tatton had the squad that went undefeated

and upset Brown to win the New England title. Tom Tomasian won the NE individual freshmen title and placed second in the IC4A Championships in New York.

But in 1957, the varsity finished the season with a one and seven record, the poorest in Northeastern's history. The only victory was a 37 to 18 decision over WPI, with Captain Mal Hill taking first place.

The 1958 squad broke even in eight meets, with Tomasian defeating New Hampshire ace, Doug MacGregor, and setting a record at Rhode Island. Joe Abelon won his first varsity cross-country race, the first of many.

Northeastern's varsity basketball team finished the past season with a frustrating 10-11 record. Although the squad had a losing season, seven of these defeats were by less than five points.

The team opened the season against Middlebury and came out on the short end of a 72 to 71 score. Mike Dvorchak was top man for the Huskies as he scored 26 points in the losing cause.

Northeastern dropped another close decision when they bowed to Boston College 65 to 63.

Dvorchak and Bill Viestra brought the team within 6 points with 10 seconds to play. Jim Burke sank two quick foul shots and Dvorchak scored on a jumper but time ran out on the Huskies.

Coach Dick Dukeshire drove his team to their first win of the season with a 52 to 49 squeaker over M.I.T. Captain Paul Calloe scored 26 points which literally sank the Engineers. Jim Burke also played well for Northeastern.

The Gymnasts from Springfield edged the

Huskies 52 to 51. Dvorchak brought the team to within one point but couldn't get that last basket to forge ahead. Dick Brown led the Northeastern scorers with 14 points. He was followed by Calloe with 12 and Dvorchak with 10. Ward Sears pulled down 17 rebounds for the Huskies.

Northeastern suffered another heart-breaking defeat, 53 to 52, to Harvard. Bob Bowditch, Calloe, Dvorchak, and Brown all played well for the Huskies.

Thus far Northeastern had scored 289 points as compared to 292 for the opposition, yet the team's record stood at a dismal 1-4.

The Duke-men won their second of the season as they downed Bowdoin 59 to 56. Dvorchak had 15 points, Brown 14, and Calloe 10. Paul Simonds had 28 for Bowdoin.

Northeastern made it two straight when they romped over Hartford 68 to 45. Dvorchak had 12 for the night. Ward Sears and Bill Viestra had 10 apiece. Calloe and Sears were great on defense as they held Hartford's ace, Bob Chapman, to only eight points, far below his seasonal average.

Rhode Island's Rams crushed the Huskies

66 to 48 to end the Northeastern win streak. Mike Dvorchak scored 19 points for the Huskies.

Northeastern defeated Tufts 79 to 61 in a complete romp for the Huskies. Dvorchak had 27 points. Joe Mulkerrin had 14 for Northeastern. Late in the fourth quarter the Jumbos were trailing by a score of 72 to 38. Calloe, Viestra, and Sears played well for the Huskies.

The University of New Hampshire dropped the Huskies 56 to 49 as the Northeastern team had a cold night. Bill Viestra had 19 points and also grabbed 19 rebounds. Ward Sears had a good night for the Huskies on defense. Coach Dukeshire blamed the poor record at the foul line for the loss.

The Duke-men lost to Brown University 61 to 57 in spite of the fact that Northeastern had four players in double figures. Viestra had 17, Sears 12, Brown and Dvorchak 10 each.

Boston University, led by Bob Alexander's 26 points, crushed the Huskies 72 to 54. Sears had 16 points and Dvorchak 11 for the Northeastern team.

stubborn competition as they edged the Huskies 68 to 66 in a hard fought contest. Dvorchak had 20 points and Sears had 14 rebounds for the Huskies who lost the game in the last minute of play.

The Huskies, hard beset with injuries to key players, lost 87 to 61 to the Redmen from the University of Massachusetts. Dvorchak picked up 25 points for Northeastern.

Northeastern dropped Bates 73 to 67 with Dvorchak scoring 23 for the Husky team. Dick Brown was tremendous on defense and Bob Giordano grabbed many clutch rebounds in the second half. Bill Viestra scored eight points at the finish and Ken Carter added six straight foul shots to clinch the victory.

A.I.C. crushed Northeastern 64 to 50 as the Huskies found themselves in foul trouble early in the third period.

Perhaps the best Husky win of the season was their 73 to 66 upset over Saint Michael's. Coach Dukeshire found another strong scorer

in Bob Giordano who netted 17 for the night. Viestra had 15, Sears 13, and Dvorchak 10.

Once again the Huskies lost a close contest as they were defeated by Clark 80 to 78. Dvorchak had a season's high of 33 points. Ken Carter scored 15 for Northeastern.

The Huskies won by the largest margin of the season when they completely bombed Lowell Tech 77 to 34. The Huskies were led by Viestra with 19 points and a new-comer Pete Ducey with 13.

The Cadets from the Coast Guard Academy sank the Huskies 74 to 67 with Bill Hastings getting 17 for the Cadets. Mike Dvorchak had 17 and Dick Brown 16 for Northeastern.

It was a heart-breaking season for Coach Dukeshire and his squad. Many of the losses taken by the team very easily could have been converted to victories with an added two or three points. Even so, the team played well and provided many enjoyable moments for the Northeastern fans.

BY ART JONES

Northeastern's moment of glory for the season came during the Beanpot Tournament at Boston Garden, when they beat Boston College for the first time in nine years with a 6 to 5 upset, in a wild game before 6000 fans.

Otherwise, the season would have to be termed a dismal one. The Huskies compiled a lowly eight victories and 16 losses record, although producing an All-American and one of the top scoring lines in the East.

Art Chisholm, a 24-year-old U.S. Army veteran from Arlington, Mass., captained the Huskies and was the All-American. He and linemates Gerry Gronin, who outscored Chisholm in goals 28 to 25, and Lolly Weissbach were the members of the prolific-scoring line.

Chisholm's record glitters with honors bestowed upon him for the past two years. This year, he was the winner of the Walter Brown Trophy which is given annually in recognition of the "New England player, developed primarily in the United States, who contributes the most to the sport and his team through skills, sportsmanship and leadership."

His other honors include: Captain of the Northeastern hockey team for 1959-60 and 1960-61, selected as All-American by the American College Hockey Coaches Association, member of the 1960 All-East team, All-New England Choice in 1959 and 1960, member of

the All-Beanpot Tourney teams 1959 and 60, member of the Boston Arena Christmas Tourney team in 1959 and 60, candidate for the U.S. Olympic team in 1956 and top scorer for the Huskies during the past two years.

At the beanpot tourney, the Huskies were down, 5 to 4, in the last four minutes of the game when Gerry Cronin scored his third goal of the night, with a hard slap-shot in close on Boston College Jimmy Logue. Northeastern had a man in the penalty box at the time.

Artie Chisholm came wheeling in and fired a shot that trickled through the pads of the BC goalie for the winning score.

Then BC's Ron Walsh hit the post with a blistering slap shot. Ron then grabbed the rebound and flipped the puck past Northeastern goalie Carl LeBoeuf, a split second after the green light had signified the game was over.

Boston College players poured onto the ice to protest, claiming the shot had beaten the light. Before peace was restored, they had attacked the officials and caused a near-riot.

Biggest scores for the Huskies during the seson were the 11 to 4 romp over Massachusetts, 8 to 5 victory over AIC and 9-5 and 7-1 decisions over Tufts.

Defenseman Jim McElholm was the top scorer against UMass, scoring four goals. Gerry Cronin added three more for the Huskies.

Chisholm scores against Boston College before 8000 at Garden.

At Springfield, Chisholm tallied three goals and three assists to pace Northeastern. The Huskies scored six goals in the opening period to coast to the victory.

Leading 4 to 0 in the opening round of the Beanpot Tourney, Harvard had to hold on precariously to edge the Huskies 5 to 3.

Biggest nemesis on the Husky slate was Boston University, paced by its star center, Canadian Bob Marquis, who piled up 25 goals in three games while yielding only eight.

Local "cross-town" interest was aroused when Chisholm was picked for the All-star center position over Marquis. The BU NEWS and the Northeastern NEWS battled for their candidates in a journalistic campaign.

In the voting for the top New England players, Chisholm received 18 out of the 20 votes, placing him on the first team. He narrowly missed winning the Most Valuable player in New England Award, losing to Middlebury's great scorer Phil Latreille. Latreille was the top point getter with 93 to Chisholm's 90.

Paradoxically, the writers picked Chisholm

as the outstanding forward in New England over Latreille.

Gerry Cronin was named as a spare to the first team All-Stars and was the recipient of the Paul Hines Trophy which goes to the Most Improved player in New England.

#### THROUGH OUR COLLEGE YEARS

1955-56. The Huskies had a new coach as we entered our freshmen year. Jimmy Bell was a former Northeastern student and Boston Olympic pro-hockey team star before coming back to the school as a coach. The team turned in a 13 victory and 12 losses mark for the best record since 1952. Bell was voted the "Coach of the Year" by sportswriters and other coaches and the team was named "The most improved team in New England," downing such powerhouses as BU, in overtime, Harvard, Colby, New Hampshire and AIC. Goalie Bill Lawn, Fred Vorderer, Richie Cavanaugh and Capt. George Buckley, who injured his previously broken collarbone later in the season, were the sparkplugs of the team.

Left: Goalie Wilson kicks out shot.

Right: Art Chisholm (7) sweeps around defensemen to score on Boston College goalie Jimmy Logue during Beanpot Tournament game.

**1956-57.** Goalie Eddie Kerr proved to be the bright point in the season, although the team's mark slipped to 10-14-1. Kerr paced the team to a 7-2 romp over West Point during the Christmas Tourney and a 4-2 upset over BU who was bidding for an N.C.A.A. berth by his defensive work. Cavanaugh led the team in scoring for the third straight year. He notched 19 goals and 28 assists.

**1957-58.** The team continued its downward trend with a dismal 7-18-1 record. The Huskies managed to pull their perennial upset when they downed Harvard in the Bean Pot Tourney at Boston Garden. Harvard, nevertheless was the New England representative to the NCAA tourney with an 18-5-1 record. George Lambert was the top Husky scorer for the year with 11 goals and 19 assists.

**1958-59.** The team got back on the winning side once again, with a 12-11 record. Artie Chisholm came along and promptly was named to the New England All-star team as well as being the second top scorer in the East. Frank Carroll, the new Husky netminder, became the first Husky goalie to allow less than 100 goals to be scored against him. He barely got under the margin with 99 goals against. The Huskies ventured out on a limb when they met Michigan State in the Christmas Tourney here. They lost 8-1. In a meeting of All-Americans, football player and defenseman Pete Dawkins of Army, and Art Chisholm of Northeastern, the Huskies came out on top 3-2.

## Skiing

BY DON LIPSITZ

For the second year in a row, the Northeastern University ski team was nosed out by MIT for the championship of the New England Intercollegiate Ski Conference.

Over the eight meet season of alpine events, the lead of accumulated points changed hands twice, with MIT finally taking first place by 3.2 points.

Ski Coach Bob Thompson said, "This was a season of great racing. The conference teams were similar in talent and well-balanced, producing good competition."

Even early in the season the twelve team conference was a very close struggle. At the end of the season only 62.8 points separated first place from seventh.

3. Tufts	721.0
4. Amherst	694.7
5. New England College	685.6
6. Princeton	670.3
7. Boston University	668.0

The other five members of the NEISC who compete from January to March are Boston College, AIC, Brown, Keene Teachers College and Lyndon Teachers College.

Rex Morey bolstered Northeastern's championship attempt by finishing first among the 150 competitors in the individual standings

with 763.61 points. He edged his closest opponent by .03 of a point.

In the eight meets, the Husky team won the Tufts Challenge Trophy Race, was runner-up in five other races besides placing fourth and fifth once.

In the Tufts Challenge Race, Northeastern had six men in the top twenty: Rex Morey, 2; Captain Mark Standley, 3; Bill Martin, 8; Barry Harris, 9; Harding Bush, 16; and David Bergstrom, 20.

There are six men on each squad for each team. The time's of each squad's first four men are totaled and the lowest time total is the winner.

Head coach of the Northeastern team was Bob Thompson. His assistants were Charles Fosberg and Bill Lee. Mark Standley was the captain. "A" team racers included Cal McDonald, Martin, Morey, Harris, Bush and Bergstrom.

Other members of the team were Jim Bagley, Jack Huber, Tom Dungan, Fred Sawin, Foster Chandler, Bill Simineau and Dick Brown.

The Ski Team is a part of the Hus-Skiers and Outing Club which has over 100 members and is the second largest club at Northeastern. The team held its races on the Slalom, Belknap Mt., Laconia, N.H.; Giant Slalom, Suicide Six, Woodstock, Vt.; Downhill, Killington Basin, Sherburne, Vt.; and Giant Slalom, Dartmouth Skiway, Lyme, N.H.

Northeastern's rifle team finished fifth in the nation in the National Rifle Association championship matches, according to the June issue of the "NRA Tournament News."

The team finished first in the Eastern Sectionals fired at Boston University to gain the Eastern title and came out fifth in competition with 290 teams all over the country, in the National matches.

In recent years, the rifle team has been the most winning team at the University. Besides being the Eastern champion, the team completed its third undefeated season in a row in the Greater Boston Rifle League to gain permanent possession of the League trophy.

The team also added to its growing collection of trophies by copping the Jewish War Veterans Cup, for permanent possession, after coming in first for the fourth consecutive year, and the New England Rifle League Trophy, for finishing the season undefeated.

Art Smith led the Northeastern team in the championship match by compiling a score of 292 points, the highest individual score recorded during the season.

Dick Campbell and Scotty Draper finished second and third respectively on the team, scoring when they posted identical scores of 290. Shaun Flanagan, the fourth man on the

team, finished with a 278 to give the team a final score 1150 points.

The total was just nine points off Oregon State's winning score of 1159.

Dick Campbell received an award for the "Outstanding rifleman of the year" while Richard Lee was designated the "Outstanding Freshman rifleman."

"This season's rifle team is one of the most successful in years," said Major Seldner, an advisor to the team.

A pert sophomore, Susan Goodspeed led the women's team to a seventh place finish in the National Rifle Championships. Sue was also the recipient of the "Outstanding Woman on the Rifle Team" award for the second straight year.

In winning the New England Rifle League title, Northeastern edged defending champion Norwich by one point. The Huskies scored 1423 points to Norwich's 1422, MIT's 1416, Coast Guard's 1411 and New Hampshire's 1409. Art Smith topped the field with a 290 score to nip team-mates Scotty Draper, 289, and Dick Campbell, 288.

The men behind the scenes who guided the team to its winning season, were Capt. Joseph Wallace, faculty advisor, and M/sgt. Earl Jordan, coach. The team's final record was 20 victories and no losses.

Although the 1960 baseball team posted only a nine-won and nine-loss record, it battled down to the last ten days of the season for the Greater Boston League Championship, placing four of its members on the GBL All-Star team, before winding up in third place.

First baseman, Mike Dvorchak, shortstop Tony LaRosa, pitcher, Warren Mayhew, and catcher Tom Cangiano were the Huskies named to the All-Star team.

Dvorchak, who was rated the "best fielder in this area" by Coach Tinker Connelly, completed a sparkling athletic career while at Northeastern. Mike was selected as the NEWS "Athlete of the Year" for his outstanding record in basketball and baseball. Besides his fine fielding, a batting average well over .300 and his many clutch hits for the baseball team, Dvorchak scored over 1000 points for the basketball squad, was a member of the Greater Boston League Basketball All-Star Team and scored 15 points while pacing the Boston All-Stars to a victory over the New England All-Stars in 1960.

Always a hard worker and a proficient scorer, Dvorchak had a foul shooting per-

centage of 81 per cent in his last year and had a personal high scoring total of 36 points in a game with Dean Junior College.

LaRosa, a varsity rookie during the 1960 season and former Everett High School baseball captain, won the starting All-Star shortstop position, although he was formerly a second baseman. LaRosa impressed Coach Connelly in his first varsity game, when he belted a home run to help defeat Boston University. It was rumored during the season that the Detroit Tigers were interested in the versatile infielder.

Warren Mayhew, named to the squad for the second straight year, was one of the main reasons that the Huskies finished third in the GBL this season. "He's been our leading pitcher for the past two seasons," said Coach Connelly. Mayhew is a big right hander who has plenty of stamina. His pitching record for the past two years is 10 wins and eight losses.

Tom Cangiano, nicknamed the "Medford Bomber," batted close to .400 and was another Husky whose baseball career was being followed closely by the Detroit Tigers.

Left: Mouse Quinlan readies for pitch against Boston College hurler Bob Niemec.

"Cangiano is a solid, steady player who has worked hard on his hitting and it's starting to pay off," reported Connelly.

But these four were not the only bright spots in the grueling schedule. The players jelled together from the start of the season into a solid unit which accounted for the high finish for Northeastern in the final league standings. Even the local Boston press was surprised by the strong Husky team.

Speedy Ferdie Beckette and slick fielding "Mouse" Quinlan, members of the 1959 GBL All-Star Team, plus veterans Harry Kreshpane, Tom Flaherty, a top-notch quarterback and third baseman, Ed Brady, Steve Ajemian, Bob Reardon, Tom Conway and George Murray in addition to newcomers Jim Woodlock, who hit a tremendous .586 as a freshman, John Lahr and Bob Mullen completed the Husky roster.

The Huskies got off to a quick start, compiling a 3-1 record in the first week of play

and figured to be one of the better Northeast-era baseball squads. The victories included a 5 to 4 decision over Boston University, paced by shortstop LaRosa's home run, a 6 to 4 victory against Clark University of Worcester and a 10 to 1 shell-lacking over Tufts.

Warren Mayhew and Rod MacDonald combined to toss a five hitter versus the Jumboes, from Medford, while LaRosa paced the offense again with three doubles. Mayhew hurled eight innings, yielding four hits while fanning nine.

Mayhew and Bob Mullin threw a five-hitter against Harvard and allowed only one earned run between them but lost the game 3 to 2.

The Huskies faltered in the second week, experiencing defensive lapses, inadequate pitching and just plain bad luck to drop the next three contests to Colby, 14 to 12, Bates 5 to 1, and the eventual Greater Boston and New England Champion, Boston College, 12 to 5. Tom Cangiano, Mike Dvorchak and LaRosa had three hits apiece in the Colby game but Husky pitchers gave up 13 hits, and 13 base-on-balls to the Colby batters.

LaRosa and Cangiano had another two hits each in the Bates losses. Centerfielder Ferdie Beckette made 11 putouts in the Boston College contest while team-mate Dvorchak had three hits. Three Eagle players belted gigantic home runs at the Brookline Field. Bill Cunis hit a 400-plus foot home run in the third inning over the center field fence. Husky John Erickson was the only other player to wallop a pitch over the link fence in Husky history. Gerry Hamel, 370-foot, and Bill Nagle, 360-foot, were the other home run hitters for the Eagles.

A sharp and happy reversal was led by first baseman Mike Dvorchak, catcher Tommy Gangiano and a vastly improved Harry Kreshpane in the outfield. The Huskies bounced back to down Bowdoin 8 to 6, Boston University for the second time, 5 to 2, M.I.T. 3 to 0, and A.I.C. 10 to 9. Warren Mayhew chalked up his fourth victory of the season with a two-hit performance against M.I.T. Dvorchak paced the offense against the Cambridge Engineers with a home run and a single for two RBI's.

At Medford, Mayhew battled Tufts ace Dick Dahlquist, before succumbing 3 to 1. This game wrecked Northeastern's chances for the league title, and left Tufts and Boston College to battle it out for the championship. The game must have also affected the Husky's play, since the team managed to win only two more games over the remainder of the schedule.

At Providence, R.I., the Huskies scored two runs in the first of the eleventh inning but the Providence Friars retaliated in the last of the inning for five singles and three runs to nip Northeastern 4 to 3. The following day, Mayhew won his fifth game by defeating W.P.I., 8 to 4, on just five hits at Kent Field.

The Eagles from Boston College trounced the Huskies 11 to 3 at their Chestnut Hill campus to even the Husky record at 8-8. But the Huskies travelled to Durham, N.H. to gain their final victory of the year, a 7 to 6 triumph over New Hampshire.

In the season's finale at Brookline, the Huskies bowed 11 to 7 to Springfield College.

#### BASEBALL BACK YEARS

1958-59 — The Huskies compiled only an 8-10 record but three of its members, Warren Mayhew, Mouse Quinlan and Ferdie Beckette, were named to the Greater Boston All-Star Team. Mayhew compiled a 3-1 mark, shutting out M.I.T. 2-0 and B.U. 1-0 and stopping Harvard 6-2. Quinlan lead the Husky batters with a .320 average. Beckette hit .272 and showed all-around ability as a centerfielder. In this same year, Big John Erickson belted the first home run ever hit over the center field link fence at Brookline Field.

1957-58 — Quinlan won the GBL batting title with a torrid .403 while being named to the GBL All-Star Team along with second-baseman Bob Girouard, .300, and John

Erickson, .360, six home runs and 15 RBI's, as the Huskies won seven and lost 12 games. Pete McKee and Rod MacDonald were the top pitchers with 2-0 records.

1956-57 — Sophomore Erickson was named Athlete of the Year. John played in three sports, football, basketball and baseball. The bespectacled outfielder hit .272, had four home runs and knocked in 19 runs for the Huskies. Pitcher-outfielder George Dowd and infielder Warren Fiske, .357, were named to the GBL All-Star team. The Huskies had a 12-10-1 record.

Before the season began, the team had lost outstanding outfielder Dick Carter, who signed with the New York Yankees, and the Lason brothers, Ron and Don, who signed with the Milwaukee Braves, besides a new coach, Tinker Connelly, who replaced Herb Gallagher moved up to the position of Athletic Director. Nevertheless, new comers Bob Girouard, Ron Ayotte, Bob Kelley, Dick Johnson, George Dowd and George Buchanan boosted the club.

BY DON MACAULAY

Although the 1960 indoor track team won only three of seven meets, they were outclassed only once, by an undefeated University of Maine squad.

Coming off a disastrous 1959 season, in which the Huskies went winless, coach Jerry Tatton's charges were a vastly improved club.

The opening meet of the season, a tri-meet with Tufts and MIT at Cousins Cage in Medford, saw a superior Northeastern distance team provide the strength for a 57½ to 54½ victory over Tufts, while MIT trailed with 25.

A sweep of the mile; first, second and fourth in the two-mile; first, second and fourth in the 1000 gave Northeastern 28 out of a possible 33 points in the distance events.

Sophomores Chico Parillo and Dave Kneeland showed that they would cause a lot of trouble for Husky opponents when they each took a first and a second.

Parillo started things off by leading an NU sweep of the mile with a 4:49.5 effort. Not far behind came Dave Kneeland and Joe Abelon in that order.

In the two-mile, the tables were turned as Kneeland led Parillo home in 10:56.5, with Paul Franson grabbing fourth.

Paul Woodland, former state champion at Watertown High, outclassed a strong 1000 yard field and led teammate Abelon to a 2:26.8 triumph.

Captain, Dick Lucas, copped the broad jump with a leap of 21 feet 2 inches, and Larry

Chetti won the 50 yard dash in 5.7, to wrap up the NU victory.

The following week Northeastern hosted a strong Bates team which was in the midst of a three year undefeated streak, and although the Huskies only won three first places, they still managed to keep the meet close before bowing 65 2/3 to 42 1/3.

Again the individual standout was Chico Parillo with a third in the mile and one of Northeastern's three triumphs in the two-mile.

In the former event, Joe Abelon and Bates' Pete Schuyler put on a tremendous duel before Schuyler managed to win in a good 4:37.2.

Willy Anderson, Cabot Cage high jump record holder, won his specialty with a 5 ft. 11 in. effort.

Billy Lytle, sophomore hurdler, copped one of the most exciting low hurdles races ever witnessed in the cage when he nipped Bates' John Douglas and Bob Erdman, with teammate Jim Banks getting fourth.

All four finalists leaned into the tape simultaneously, and it took a 10 minute conference by the judges before they could come up with a winner.

Rudy Smith, Bates' standout 600 yarder, was pushed by Joe Bolton and Ronnie Dean before winning his specialty in 1:19.3.

The Huskies reached their peak against the University of New Hampshire on January 23, when, after taking 10 out of 13 first places, they swept to a 73 1/2 to 39 1/2 victory.

INDOOR — Larry Chetti wins 50-yard dash over Tufts and MIT.

The meet was closely fought at first with the Wildcats taking a slight lead after the field events. Once the running got underway, however, the tide turned as Paul Woodland turned in the years' fastest mile time besides winning the 1000.

Jim Banks accounted for three of the 10 firsts with wins in the high and low hurdles plus a victory in the high jump.

Joe Abelon downed Yankee Conference cross country champion, Doug MacGregor, after a stirring battle in the two-mile.

Woodland's mile victory was a front running affair in which he outlegged New Hampshire's Art Peleczar with a swift 4:32.7. Woody then returned to lead a Northeastern sweep of the 1000 in which Bolton was second and Dean third.

Larry Chetti in the dash, Frank Lynch in the pole vault, and a relay combination of Billy Lytle, Paul Franson, Don MacAulay and Al Poole, provided the other Northeastern wins.

The illness of Paul Woodland and Joe Abelon cost the Huskies the Boston College meet as the Eagles scored heavily in the mile and 1000 for a  $64\frac{1}{2}$  to  $48\frac{3}{4}$  victory.

Once again Jim Banks proved to be the big gun for Northeastern with firsts in the high and low hurdles and a tie for third in the high jump.

It was the second successive meet in which the former Rindge Tech ace had won both hurdle events.

Frank Lynch, reaching his top height of the year, copped the pole vault by clearing 12 feet.

A Willy Anderson victory in the high jump at six feet and a 21 ft.  $61\frac{1}{4}$  in. winning leap in the broad jump by Dick Lucas gave the Huskies their only other wins.

The trip to Storrs, Ct. proved disastrous for Northeastern when Gene Givens and Bob Harrison teamed up to win five events in handing the Huskies a 66 to 47 defeat.

Givens, later New England 100 and 220 sprint champion, captured the 60 yard dash, the high hurdles, and placed second in the low hurdles, while Harrison took top honors in the broad jump and high jump.

Chico Parillo topped the Husky performers by winning the two-mile and placing second behind Joe Abelon in the mile.

Frank Lynch won his second meet in a row when he vaulted 11 ft. 6in. The relay tandem of Paul Jenney, Don MacAulay, Jackie Frisch and Billy Lytle swept to victory in that event.

Back in the home confines of Godfrey Cabot Cage, coach Tatton's boys successfully defeated the University of Massachusetts 59 2/3 to 53 1/3.

OUTDOOR — Bryant Rollins wins 100-yard dash in a dual track meet at Springfield.

Left: Chico Parillo leads Huskies to victory in Mile race here.

Billy Lytle paced the Husky attack by upsetting teammate Banks in both hurdles events. Lytle's time of 5.6 seconds in the low hurdles was only one-tenth of a second off the cage record.

The sophomore hurdler also placed third in the broad jump to complete a Northeastern sweep. Dick Lucas won the jump with a 21 ft. 5 in. performance, just edging teammate Lee Schuster by  $\frac{1}{2}$  inch.

The two-mile proved to be an interesting event as Joe Abelon outran Massachusetts' Ralph Buschman who just nipped Chico Parillo for the runner up spot.

The largest snow storm to hit Boston in 1960 postponed the scheduled meet with the University of Maine which, unfortunately for the NU tracksters, was re-scheduled two weeks later.

Weakened by an injury to Jim Banks and

the loss of Larry Chetti, the Huskies met Maine, probably the strongest team in New England, and dropped an 86 to 27 decision.

The Huskies managed to win only two events, the low hurdles in which Billy Lytle again ran 5.6, and the dash which was taken by Ed Hayward, for his initial win of the season.

Maine's Bill Spencer stole the show by setting a Cage record in the 1000 with a 2:19.7 mark.

The following week Northeastern won two events in the first annual Greater Boston League Championships held at Cousins Cage in Medford. Boston College captured the team title after a close tussle with Boston University. Individual standout, however, was Northeastern's Billy Lytle who copped both the low and high hurdles.

Right: Tom Cavanaugh, captain of the track team.

Left: Irwin Cohen, manager of team and squad's most avid rooter.

Lytle, really rounding into top late season form, sped over the timbers ahead of three men who had defeated him earlier in the season.

Other good performances turned in by Northeastern runners were Chico Parillo's fourth place in the mile and Joe Bolton's fourth in the 600 yard run.

A lack of weightmen hurt the Huskies during the outdoor season, and as a result Northeastern dropped all five outdoor meets.

The opener at Springfield, in early April, was run in a cold rain and sleet, and the host team proved very unhospitable by capturing every event.

Chico Parillo was the only Northeastern man to give the Gymnasts any trouble at all, placing second in both the mile and two-mile.

The following week the Huskies traveled to Kingston, Rhode Island where they were trounced by the University of Rhode Island, 99½ to 35½.

Wins by Willy Anderson in the high jump and Dick Lucas in the broad jump, combined with a Husky sweep of the two-mile, provided the bulk of Northeastern's points.

Parillo again captured the two-mile, running away in 10:21.3. He was followed by Paul Woodland and Dick Stevens, who's third place held Rhody under the century mark.

In the most exciting race of the day Stevens made up nearly 100 yards on a pair of Rhode Island runners in the last quarter of a mile to complete the Northeastern sweep.

The trip to Lewiston, Maine for the Bates meet proved unsuccessful for coach Tatton's team as Bates rolled up a 105 to 28 victory.

Again the whole show for NU was Chico Parillo with a win in the two-mile and a close second in the mile.

The outstanding sophomore did it again at the Tufts meet which was won by the Jumbos 80 to 55. Parillo was the only double winner of the day, capturing the mile and two-mile.

Middle distance runner Paul Jenney captured his first win of the season when he successfully held off Tufts' Joe Whalen in the stretch to win the 440.

A Northeastern sweep of the 880 with Ronnie Dean leading Paul Woodland and Joe Bolton kept the score close, but Carl Peterson and Earl Beazley, with first and second in the shot

put and hammer throw, wrapped things up for Tufts.

The final regular season meet was a tri-meet at the University of Connecticut. UConn came out on top with 86½ points to 49 for runnerup Coast Guard Academy and 29½ for Northeastern.

Lee Schuster upset Lucas and Connecticut's Bob Harrison to win the broad jump at 21 ft. 1 1/4 in.

Although running 10 seconds flat for the 100 yard dash, Billy Lytle could do no better than third as UConn's sprint sensation, Gene Givens was clocked in 9.7 seconds.

Joe Abelov was elected to captain the 1960 squad at the annual Spring Sports Banquet. It was quite an honor for the former Lynn Classical star, as he had earlier been elected cross country captain.

Chico Parillo, the man who carried the Huskies almost single-handedly this year, received the Northeastern NEWS Most Improved Player Award. It was also the second such honor for Parillo as he and Dave Kneeland won the honor for cross country.

Perhaps the biggest event, to members of the sailing team, is the annual ocean cruise at the conclusion of the season.

The 1960 members, 18 strong, took a pleasure cruise in Marblehead Harbor in three 19-foot lightnings, sloop-rigged boats. In past years, the team has been guest aboard yachts, sloops and even the various Navy boats at Annapolis, Maryland.

The sailing team offers the opportunity for girls to earn minor letters at Northeastern in inter-collegiate competition.

In April, Boston University won the 39th semi-annual sailing for the Rudolf O. Oberg Trophy at M.I.T. on the Charles River. The race for the Greater Boston Dinghy Championship honors Professor Rudolf Oberg, Director of Alumni Relations and the founder of the sailing and yacht clubs at Northeastern.

The New England International Sailing Association established the Oberg Trophy and Prof. Oberg presents it to the winning team at each race. Oberg was one of the earliest proponents of inter-collegiate sailing.

BU topped this year's trophy sailing with 16 points. M.I.T. placed second while Northeastern finished third in the race.

The competition consisted of three divisions with each of several colleges having one crew entered in every race. The competing colleges this year were Harvard, M.I.T., Tufts, Boston College, Babson, Boston University and Northeastern.

A southerly breeze of 10 to 15 knots prevailed as Division "A" Commodore Cal MacDonald, 60E, took two first places in Class A. Other Husky sailors were Jack Huber, Peggy Sheehan, Bob Bickmore, Maury Reardon and Fred Newton. Mark Standley was the Division "B" Commodore.

Paul Lawton and Lincoln Smith made a good showing for Northeastern while racing at Mystic Lakes in Medford.

The Sailing team travelled to Dartmouth at Hanover, N.H. to compete in the Phelps Trophy Race.

Northeastern finished third in the Raven Class sailing meet at the Coast Guard Academy at New London, Ct. The Coast Guard

cadets won the racing on the Thames River Course with a total of 36 points to Yale and Northeastern's 32. Boston College, Worcester Tech and Trinity were the other teams entered.

With a season from September to November and April to May, team members sailed everything from 12-foot Tech dinghies to 40-foot Navy yawls. Last winter, 20 Husky members went frostbite racing at Plymouth and Marblehead. They were able to do this because of the lack of ice and comparatively mild winter.

Prof. Mavor, an advisor to the sailing team, designed a midget ocean racer which won first place in the competition during Marblehead's Race Week. The design was noted as outstanding and is being copied in many areas.
